

The background of the advertisement features a close-up, low-angle view of several large, heavy-duty tires. The tires are arranged in a way that creates a sense of depth and perspective, with the tread patterns and the 'Warrior' branding on the sidewalls clearly visible. The lighting is dramatic, highlighting the texture of the rubber and the metallic sheen of the sidewalls.

COMMERCIAL TIRES

WD209

CLOSED SHOULDER DRIVE-POSITION TIRE

- Closed shoulder tread design delivers excellent traction and provides even wear
- Deep 30/32" tread with stone drilling protectors provides exceptionally long wear
- Tight tread block-to-void ratio leads to tire stability during rotation, promoting long tread wear
- Center siping in the tread block helps to grip the road surface for superior traction and stability

WD266

OPEN SHOULDER DRIVE-POSITION TIRE

- Heavy duty casing provides strength, stability and promotes retreadability
- Unique open shoulder tread design delivers superior traction and even wear
- Deep tread depth provides excellent traction in all weather and road conditions
- Tread depth and design provide outstanding wear in regional and long-haul applications

WD410

OPEN SHOULDER DRIVE-POSITION TIRE

- 19/32" of tread depth
- Promotes long original mileage
- Zig zag tread design provides protection from hazards and debris
- Tie bar on the outside shoulder helps to maintain tire stability and combat irregular wear
- Siping in the tread blocks enables the tire to efficiently channel water

WS212

REGIONAL ALL-POSITION TIRE

- Lower rolling resistance and better fuel economy
- Micro sipes on the groove edges prevent irregular tire wear
- 5-rib tread design with wide shoulders improves durability and delivers even wear in regional steer/ all-position applications
- Wide groove design channels water for improved handling and lateral stability

WS202

SPECIALTY ALL-POSITION TIRE

- Special tread compounds deliver exceptional mileage in a variety of specialty trailer applications
- 5-rib design promotes superior handling, stability and traction
- Solid shoulders and siping design fight irregular wear, promoting better tire performance

WS233

MIXED SERVICE ALL-POSITION TIRE

- Durable all-position tread pattern built for multiple on/off highway uses
- Cut/chip resistant compounds added to deliver excellent performance in tough applications
- Outside shoulder and unique center groove design delivers added traction in mud and soft soil

WS205

LINE-HAUL STEER-POSITION TIRE

- 19/32" tread depth promotes long original tread life and superior handling
- Specially designed tread siping enhances traction and stability
- Shoulder decoupling grooves and center equalizer ribs lead to even treadwear
- Durable casing design promotes long service life and multiple retreads

WT100

SHALLOW DEPTH TRAILER-POSITION TIRE

- 12/32" original tread depth
- Siping and wide shoulders promote even wear in free rolling/trailer axle positions
- Center rib engineered to eject stones, preserving casing integrity and promoting multiple retreads

warrior™

COMMERCIAL TIRES | 2023

WS209

PREMIUM WIDE BASE ALL-POSITION TIRE

- Aggressive all-position tread pattern designed for multiple on/off highway uses
- Center siping in the tread elements bite the road surface for improved traction and stability
- Outside shoulder grooves provide added traction in mud and soft soil
- Specifically designed with compounds that perform exceptionally well in local delivery applications
