COMMERCIAL TIRES

WD209

CLOSED SHOULDER DRIVE-POSITION TIRE

- Closed shoulder tread design delivers excellent traction and provides even wear
- Deep 30/32" tread with stone drilling protectors provides exceptionally long wear
- Tight tread block-to-void ratio leads to tire stability during rotation, promoting long tread wear
- Center siping in the tread block helps to grip the road surface for superior traction and stability

WD266

OPEN SHOULDER DRIVE-POSITION TIRE

- Heavy duty casing provides strength, stability and promotes retreadability
- Unique open shoulder tread design delivers superior traction and even wear
- Deep tread depth provides excellent traction in all weather and road conditions
- Tread depth and design provide outstanding wear in regional and long-haul applications

WD410

OPEN SHOULDER DRIVE-POSITION TIRE

- 19/32" of tread depth
- Promotes long original mileage
- Zig zag tread design provides protection from hazards and debris
- Tie bar on the outside shoulder helps to maintain tire stability and combat irregular wear
- Siping in the tread blocks enables the tire to efficiently channel water

WS212

REGIONAL ALL-POSITION TIRE

- Lower rolling resistance and better fuel economy
- Micro sipes on the groove edges prevent irregular tire wear
- 5-rib tread design with wide shoulders improves durability and delivers even wear in regional steer/ all-position applications
- Wide groove design channels water for improved handling and lateral stability

WS202

SPECIALTY ALL-POSITION TIRE

- Special tread compounds deliver exceptional mileage in a variety of specialty trailer applications
- 5-rib design promotes superior handling, stability and traction
- Solid shoulders and siping design fight irregular wear, promoting better tire performance

WS233

MIXED SERVICE ALL-POSITION TIRE

- Durable all-position tread pattern built for multiple on/off highway uses
- Cut/chip resistant compounds added to deliver excellent performance in tough applications
- Outside shoulder and unique center groove design delivers added traction in mud and soft soil

WS205

LINE-HAUL STEER-POSITION TIRE

- 19/32" tread depth promotes long original tread life and superior handling
- Specially designed tread siping enhances traction and stability
- Shoulder decoupling grooves and center equalizer ribs lead to even treadwear
- Durable casing design promotes long service life and multiple retreads

WT100

SHALLOW DEPTH TRAILER-POSITION TIRE

- 12/32" original tread depth
- Siping and wide shoulders promote even wear in free rolling/trailer axle positions
- Center rib engineered to eject stones, preserving casing integrity and promoting multiple retreads

COMMERCIAL TIRES | 2024

WS208

PREMIUM WIDE BASE ALL-POSITION TIRE

- Aggressive all-position tread pattern designed for multiple on/off highway uses
- Center siping in the tread elements bite the road surface for improved traction and stability
- Outside shoulder grooves provide added traction in mud and soft soil
- Specifically designed with compounds that perform exceptionally well in local delivery applications
